INTRO (2x) m.1

VERSE m.9

One day you will find
A nice piece of mind
Just like the one I took from you
And one day you may wander
So far and so wide
I'll never think of finding you

PRE-CHORUS m.17

And one day you will find your garden has
grown
Without you even looking there
And one day you will find you're all alone
But by then you won't even care

INTRO m.25

VERSE m.33

I still find that most times
Nothing turns out the way you want them to
So I thought I'd be kind and
Tell you what you ought to do

PRE-CHORUS m.41

Leave me now while you still have time
Before all your dreams can run away
I promise you it's the right thing to do
Please turn and walk away

CHORUS m.49

One day I won't find you waiting for me
Dead roses in my hand what will i do?
So make up your mind try to decide
If leaving's the best thing for you

SOLO (2x) m.57

INTRO (2x) m.65

VERSE m.73

One day you will find
A nice piece of mind
Just like the one I took from you
And one day you may wander
So far and so wide
I'll never think of finding you

PRE-CHORUS m.81

And here I stand dead roses in my hand
All because of you
Here I stand dead roses in my hand
All because of you

OUTRO (4x) m.89
